

KYUNG J. HA, DDS • GENERAL DENTISTRY

Dr. Kyung Ha prides herself on providing generations of families with high-quality, personalized dental care in the most supportive and nurturing manner possible. From the moment patients walk through her door, they are welcomed into a small, friendly environment and are immediately put at ease. "I have a very conscientious, caring staff," she says. "We value long-term relationships with our patients and are dedicated to everyone in our 'dental family.'"

A graduate of NYU College of Dentistry and the general practice residency program there, Dr. Ha offers the full range of preventive, restorative and cosmetic dentistry with emphasis on occlusion (bite) and TMJ. At her modern, computerized office, everything from basic cleanings and fillings to Invisalign®, implants, crowns and veneers is done with the utmost precision and care. Her group's strength lies in educating patients about dental health for a lifetime. In practice for 25 years, she keeps up with advances in her field through extensive continuing education and has achieved FAGD status.

Dr. Ha feels that the most rewarding part of being a dentist is having the ability to live life being useful and helpful. She donates her services to the KinderSmile Foundation, providing free dental treatments to underprivileged children locally and abroad.
